

NO COMPROMISE, ROOSEVELT DEH TO REPUBLICANS

FIRES OPENING GUN IN MASSACHUSETTS

Makes Strong Plea for the Wage Earner; Business Should Be Aided

BOSTON, Aug. 17.—(No compromise) was the slogan with which Col. Theodore Roosevelt opened the Progressive campaign in Massachusetts today. He declared there would be no compromise with reactionaries in any form, while on the other hand, the party would welcome those of the rank and file of other organizations who refused to follow the old leaders.

The men who were responsible for the Payne-Aldrich bill, he also asserted, are responsible for the present tariff measure and should be opposed. Colonel Roosevelt's speech was to have been delivered at a Progressive rally and field meet at Fenway park, but rain drove the crowd to shelter in the arena.

Business Must Pay.

Speaking of what he termed the permanent problem of Massachusetts, Mr. Roosevelt said:
"This problem must be, so far as it concerns the great industries in which the immense majority of wage workers are engaged, to combine efficiency with the proper sharing of the rewards of that efficiency. There will be no reward for anybody, no adequate wage for the working man, no proper service to the public, unless the business pays. A business man who does not have to shut his doors, who does not have to pass around until the property is lost, the main element in the success of any business must be efficiency, and the wage worker must do all in his power to contribute to this efficiency."

Worker Should Get Share.

"But the wage worker by his efficiency adds to the productivity and must have that added efficiency recognized in increased wages. The benefit must in part accrue to him exactly as, in part, accrues to the man who furnished the capital, without which the business could not go on, and in part to the general public."
"No in every business it must be recognized that there are three interests, and each of these interests must receive justice. Public opinion must recognize this fact, and government, which in this country is based on public opinion, must also recognize it and endeavor to secure its practical realization."

FOREIGN WARSHIPS TRAIL EACH OTHER AROUND THE WORLD

British, German and Japanese Men-of-War Are in Hide- and-Seek Game

SAN FRANCISCO, Aug. 17.—The Japanese fleet will protect American and Japanese merchantmen in Asiatic waters, declared Y. Numano, the Japanese consul general here, today in discussing the possibilities of hostilities between Japan and Germany. American trade with the orient will not be endangered.

Ship Gives Mascots Away.—The German cruiser Leipzig got rid of her mascots, two Japanese bear cubs, by presenting them to Golden Gate park today and prepared to go to sea the day her 24 hours stay in local waters should have expired at 1 a. m. tomorrow.

The Leipzig took on coal, provisions and 10 tons of fresh water, and "We shall engage the enemy wherever we meet him, regardless of numbers," said Captain Haun late tonight. He exchanged views with Mayor James R. Rupp, Jr., today.

Jap Warship Trails German.—SAN DIEGO, Cal., Aug. 17.—The Japanese cruiser Idzumo, after taking a full load of coal, called north from here early tonight. She should make San Francisco in about 24 hours.

If the German cruiser Leipzig, now in San Francisco bay remains until 1 o'clock tomorrow morning, the limit of her 24-hour stay, she still will have left harbor some 16 hours before the Idzumo is likely to get there. The Leipzig is likely to get there. The Leipzig is likely to get there.

POPE KEEPS POSTED ON WAR DESPITE ILLNESS

ROME, Aug. 17.—Notwithstanding his weakness, the pope has insisted upon receiving from the papal secretary of state, Cardinal Merry Del Val, a complete report on the war situation. His latest news from the field and the possible developments. The pontiff has expressed his most ardent desire to do anything in his power to check the

GERMAN TROOPS DISORGANIZED IN ALSACE-LORRAINE

FRENCH ARE CLAIMING GREAT VICTORY

Marching Down Valley of Bruche in Direction of Strassburg

PARIS, Aug. 17.—An official statement issued tonight says:
"The situation continues good. We are making methodical progress in upper Alsace. The German forces are retreating in great disorder, some toward the north, others to the east. This is proved by the enormous amount of shells, wagons and provisions abandoned."
"The Germans also lost much more heavily in this region than we at first thought. This is proved by the number of bodies found."
"We are making the same progress in the valleys of Saint-Marie and Ville. Our troops, strongly based on the Danube position, are marching down the valley of Bruche toward Strassburg. Everything goes to show that the Germans in this region are completely disorganized."
"Our troops are gaining ground along the line of Lorraine, Adange and Marcol. We have gained ground varying from 10 to 20 kilometers all along the frontier from Belfort to Chateauvillain and have established ourselves solidly both in Alsace and Lorraine."

French Occupy Bruche Valley.—LONDON, Aug. 18 (Tuesday).—The Paris correspondent of the Reuters Telegram company sends the following dispatch:

"In review of the military situation the Temps points out that the French troops cannot dislodge the Germans from the valley of the Bruche, which is held by the fortress at Molsheim. In Alsace, 12 miles southwest of Strassburg, but says it has been necessary to occupy the valley as otherwise it might be utilized by the Germans."

The Temps suggests that the fact that heavy artillery has been reported in that region may be construed as indicating that the Germans are massing troops behind the Rhine, preparing to force the passes of the Vosges mountains.

HEAT RECORD BROKEN AT SIOUX CITY, 101

SIOUX CITY, Ia., Aug. 17.—The government thermometer broke the season's hot record here today, registering 101 at 4 o'clock this afternoon. The previous record was 98.

GEORGIA PLANTERS HOLD COLI-ON FOR 12 CENTS

ATLANTA, Ga., Aug. 17.—A resolution providing that no cotton be sold or offered for sale at less than 12 cents a pound was adopted here today at a meeting of 300 farmers and business men representing every section of Georgia.

EMERGENCY SHIP BILL IS PASSED

NOW IS UP TO PRESIDENT WILSON

Admits Foreign-Built Vessels to American Register; War Measure

WASHINGTON, Aug. 17.—Congress today passed the emergency shipping bill which will authorize the president to admit foreign-built ships to American registers so that commercial fleets may sail the seas under protection of the American flag while belligerents of Europe are at war and scouring the ocean for prizes. President Wilson will sign the bill tomorrow.

Culmination of the effort to enact this legislation followed repudiation by the senate of the conference report on the measure which previously had been radically amended in the senate. As it goes to the president, the bill was the same as passed the house more than a week ago.

The conference report met defeat in the senate by a vote of 40 to 20 because of determined opposition to the provision which would have admitted to the American coastwise trade all foreign-built vessels taking American register within two years.

Opposed by Democrats.—Twenty Democrats and 20 Republicans voted to reject the report, which was submitted and championed by Senator O'Gorman, chairman of the inter-oceanic canal committee. Seventeen Democrats, Senators Norah and Jones, Republicans, and Senator Poinsett, Progressive, voted for the bill. Senator O'Gorman arraigned the opposing Democrats, declaring that they were championing an "offensive monopoly" and "horrible Republican arguments in favor of the un-American principle of protection."

As finally agreed to, the bill, besides providing for the registry of foreign-built ships, authorizes the president in his discretion to suspend provisions of the law requiring all watch officers of American vessels in the foreign trade to be citizens of the United States and requiring survey, inspection and measurement of vessels admitted to registry by officers of the United States.

No War Correspondents Will Be Allowed at the Front With Big Armies

LONDON, Aug. 17.—The British army council has decided not to allow any war correspondents to accompany the expeditionary force for the present. Some passes had been issued, but these were revoked.
In a letter announcing its decision, the council says that the French army officials also have decided not to allow any correspondents to accompany their forces.
It is understood that correspondents will be asked to leave Belgium. Some are already returning.

CHICAGO WOULD BEAT FOOD TRUST

MAY START MUNICIPAL MARKETS

People Throughout Country Are Protesting Against Foodstuff Prices

CHICAGO, Aug. 17.—The United States government's experience in supplying food at cost to residents of the Panama Canal Zone was invoked here today to help the city solve the increased cost of living problem.
The Chicago municipal market commission after a public session attended by representatives of civic societies, women's leagues and heads of all city departments sent a telegram to Colonel Goethals asking information as to the methods of maintenance and operation employed by the subsistence department of the Canal Zone.

The commission also asked Colonel Goethals to inform them by wire of the prices the government is now charging on all staples, meats, vegetables and milk.

Thank President Wilson.—The commission also wired to President Wilson expressing gratitude for the promptness with which he attempted to bring relief from unwarranted food prices.

Resolutions were adopted ordering the establishment of at least five municipal markets in the most thickly populated sections, and recommending the passage of a special ordinance by which to punish combines, pools and trusts which have taken advantage of the war to raise prices.

James H. Wilkinson, United States district attorney, said witnesses would be called before the grand jury Wednesday.

"Information was revealed to me today," he said, "that has led me to believe that there has been a conspiracy on the part of many corporations to take advantage of the war situation. My conference with the packers today was brief. Nothing in their report would indicate a conspiracy."

Federal Force Increased.

WASHINGTON, Aug. 17.—Additional special agents of the department of justice were dispatched today to Cleveland, Providence, Baltimore, Pittsburgh and Buffalo to assist in the nationwide investigation of the increased prices of foodstuffs.
United States district attorneys all over the country have begun inquiries and in many places the grand juries already are at work. At Buffalo, John L. Gorman, the district attorney, will direct special efforts to ascertain the cause of the rise in the cost of flour.

U. S. WILL KEEP OUT OF THE FAR EAST SQUABBLE

GERMAN-JAPANESE WAR TO BE LOCALIZED

Kaiser Takes Own Time to Answer Ultimatum of Mikado's Nation

WASHINGTON, Aug. 17.—Japan's sudden entry into the European war situation as a factor that must quickly increase the range of the war and conflict to the far east commanded attention today in Washington. Government officials generally.

The attitude of the United States, it became clear, would be one of non-interference in the controversy between Japan and Germany. This was reflected somewhat in the strong reference of both President Wilson and Secretary Bryan. The president had been asked early in the day whether the assurance of Japan that she would eventually restore Korea to China in case that territory was obtained from Germany was regarded as satisfactory here. Mr. Wilson replied that he saw no reason to question Japan's good faith in that connection, but could not refrain from expressing any opinion on the merits of the ultimatum or Japan's attitude.

Tumult Denies Reports.

Published reports that the effect that the president had expressed himself as satisfied with Japan's course were promptly denied by Secretary Tumulty tonight at the direction of the president.

The president took a moment to himself," said Secretary Tumulty, "as the head of a nation, to express no opinion whatever on the attitude of Japan or any other country."

Army strategists discussed among themselves whether Japan might not also take the German possessions in the Samoan and Caroline islands, which are on the American line of communication to the Philippines, and how that eventually might affect the interests of the American government in the Pacific.

It was pointed out in Japanese circles that the ultimatum to Germany was the ultimatum to Germany.

American Cowboys Join French Rough Riders Regiment

LONDON, Aug. 18.—(Tuesday).—A dispatch to the Daily Telegraph from Paris gave:
The recruiting of a corps of rough riders is proceeding rapidly. Several American cowboys and former army men are enlisting. Three wealthy Americans have promised to furnish the best mounts they can buy for the entire body. The corps will be self-supporting and is expected to start for the front in a few days.

GREAT BATTLE BELIEVED TO BE IN PROGRESS NOW NEAR FAMOUS FIELD OF WATERLOO

London Dispatch Says Fighting Began Monday Morning; German and Allied Armies Locked in Greatest Struggle of the Century

EMPEROR WILLIAM AND THREE SONS ARRIVE AT THE FRONT

Seat of Government Moved From Brussels to Antwerp on Approach of Germans; War Correspondents Not Allowed to Accompany Armies; French Continue Victorious

LONDON, Aug. 18.—(Tuesday).—The Daily Express says:
"There is little doubt that a great battle now is occurring in Belgium between the Germans and Belgian and French allies. Our correspondent, in a cryptic dispatch from Ghent, indicates that the Germans are advancing on the historic battleground of Waterloo and that events of the greatest importance are in progress."

LONDON, Aug. 18.—(Tuesday).—A Brussels dispatch to the Daily Mail says:
"Sharp fighting has been in progress since Monday morning."

OFFICIALS LEAVE BRUSSELS

LONDON, Aug. 17.—A Reuters dispatch from Brussels says:
"The seat of government has been moved to Antwerp. Measures have been taken for the defense of Brussels because of the approach of German cavalry."

LONDON, Aug. 18.—(Tuesday).—The Belgian ministers of war, finance and foreign affairs, and the French and Russian ministers to Belgium, have left Brussels for Antwerp, according to a dispatch received by the Exchange Telegraph. The affairs of France and Russia were left by their respective ministers in the hands of the Spanish legation, the dispatch adds.

EMPEROR REACHES THE FRONT

LONDON, Aug. 18.—(Tuesday).—An Exchange Telegraph dispatch from Mainz says that the German emperor, accompanied by three of his sons, including Crown Prince Frederick William, has arrived.

LONDON, Aug. 18.—(Tuesday).—A Paris dispatch to the Daily Telegraph says:

"It is reported that an engagement between a British and German warship has occurred off the Canary islands. It is stated that a German cruiser has been sunk and also that a British cruiser has captured a German ship collecting munitions of war."

The British official news bureau has no information concerning these reports.

GERMAN BATTLE LINE HUNDREDS OF MILES LONG

BEELGEM BECOMES EUROPE'S BATTLEFIELD

That the Germans are forcing their way through Belgium, is indicated by the Brussels report that German cavalry is approaching the Belgian capital, that measures for the defense of Brussels are being hastened and that the seat of government has been moved to Antwerp.

The British official press bureau announces that any action which Japan might take against Germany will not extend beyond the China sea, except for the protection of Japanese shipping.

The British war council has decided to exclude correspondents from the forces in the field and it is announced that the French war department intends to take the same action, and that probably war correspondents in Belgium will be ordered out of that state.

EMPEROR AND SONS NOW AT THE FRONT

The German emperor, the crown prince and two other imperial princes are now at the great fortress of Mainz. The emperor's departure from Berlin for the front was widely anticipated. The German government has instructed its minister at

Deaths and Funerals

MISS ESTELLE MICKLE DIES

Estelle Mickle, 28 years old, died yesterday afternoon at a local hospital. Miss Mickle had lived in Colorado Springs for the last nine years, and for the last seven years had been a stenographer for the Yates and Mickle Realty company. She is survived by her mother, Mrs. J. M. Mickle, a sister, Violet Mickle, and a brother, Allen Mickle, all of Canon City. A brother, Floyd Mickle, of Denver, and a brother, Vernon Mickle, of El Paso, Tex., are also survivors. The funeral will be held at 4 o'clock this afternoon from the Reyle brothers undertaking rooms. The body will be taken early tomorrow morning to her home in Miss Mickle's birthplace, or burial.

The body of John F. Whelan, 41 years old, who died Sunday at a local hospital, was sent last night from the Reyle brothers undertaking rooms to his home in Miss Mickle's birthplace, or burial.

The sister of James A. Hand, 22 years old, who committed suicide Sunday afternoon at his home, 811 East 10th street, will come to Colorado Springs today to make arrangements for the funeral. Hand's body is being held at the Reyle brothers undertaking rooms.

The funeral of Mrs. M. A. Garstin, who died Sunday night, will be held at St. Stephens church at 2 o'clock this afternoon. Interment will be in the cemetery. Mrs. Garstin was 40 years old and had lived in Colorado Springs for 40 years. For several years she had lived at the Elmer Hotel, where her death occurred. Mrs. Garstin is survived by a son, William Garstin, of this city, a son, Norman Garstin, of Cripple Creek, and a son, a daughter in the east.

The funeral of Milo J. Fuller, 74 years old, who died Sunday morning at home, 811 North Wahsatch ave., will be held from the undertaking rooms of Hallett & Baker at 4 o'clock this afternoon. The body will be sent to Lake City, Minn., for burial.

AS COLORADO CITY FOUND THE SAME?
 Answer Is Found in the Straightforward Statement of a Colorado City Resident

We have been reading week after week in the local press of Colorado Springs citizens who have been rid of increasing kidney and bladder troubles by Doan's Kidney Pills, and we often wondered whether the same opinion of this medicine is to be held in our neighboring towns. This is a known and respected resident of Colorado City who will set this doubt at rest.

Mrs. Mary A. Spotts, 312 W. Lincoln Colorado City, Colo., says: "Two years ago I suffered a great deal from back and kidney troubles. I was troubled by rheumatic pains. Doan's Kidney Pills removed these troubles. One of my relatives has also had great relief from Doan's Kidney Pills. I am willing to tell anyone that Doan's Kidney Pills are a first-class kidney medicine."

'Stop Thief' at the Burns Scream From Beginning to End

For summer production, "Stop Thief," which opened at the Burns last evening for the week is ideal. The play is a mass of screamingly funny situations and good laughable dialogue. From start to finish the action never slows down and the audience is kept in an uproar.

The plot reminds one of a musical comedy plot almost to a fault. It is sufficient to hang the situations on it. It deals with two men believing themselves kleptomaniacs and two real crooks. How the crooks take advantage of the knowledge of the beliefs of the two innocents and outwit the household every time is worked into some of the funniest scenes ever staged by Carlyle Moore, the author.

Thurston Hall and Miss Eleanor Haber play the parts of the crooks, Jack Dogan and his accomplice, Nell, maid in the household. Both are very good, though neither character is very big. In "Stop Thief" the various characters are almost on a par, the play depending on the ability of each member of the company and rapid action rather than on a star.

In the character parts of William Carr and his wife, Mrs. Carr, Roy Bryant and Miss Adelaide Cummings also are good. Bryant, especially has some good bits of work. William Rieffel as James Chung, the bridegroom, is the cause of many a good laugh, while William Lorenz works not a little fun into the part of Dr. Willoughby. Miss Nila Mac as the bride and Miss Eddie Boyd and Miss Betty Barr as the sisters are good, while the others handle their parts in a satisfactory manner.

W. T. Greene, Hopkinton, N. H., writes the following letter, which will interest every one who has kidney trouble:

"For over a year, Mrs. Greene had been afflicted with a very stubborn kidney trouble. An operation was advised. I tried kidney pills done more to complete her recovery than any medicine she has taken, and I feel it my duty to recommend Foley Kidney Pills to all who need kidney medicine. They are tonic in action, quick to give good results. Robinson Drug Co."

CLEMENT GILE LOST IN GERMANY WITH YALE MEN

Local Youth, to Be Married This Fall, in War Zone; No Word for Several Weeks

Clement Gile, son of Prof. M. C. Gile of Colorado college and who was the leading pitcher on the Yale university baseball team for the last two seasons, is lost in Germany with five other Yale men with whom he is spending the summer, according to press reports received last night. Henry H. Ketchum, captain of last year's Yale football team, and W. J. Lippincott, a former crew captain, are members of the party, and inquiries sent out by members of their families failed to get any news of the collegians. No word has been received here of Gile's whereabouts for the last six weeks.

Announcement was made early this spring of young Gile's engagement to a Hartford, Conn., girl and the wedding had been planned for this fall. In all probability the marriage will have to be deferred for at least several months, there being but a slight possibility of getting away from Germany at this time.

NEW YORK REPUBLICANS HOLD CONVENTION TODAY

SARATOGA, N. Y., Aug. 17.—On the eve of the Republican state convention, the delegates tonight were in a state of tingling excitement and confusion. Officially the purpose of the meeting is to adopt a platform and select delegates-at-large to the constitutional convention.

The real and abiding interest is the question of the candidates for governor and United States senator.

The latest picture craze had spread over the entire north. The Chinese are eager for them.

CENSORSHIP CAUSES CABLE CONGESTION

All Times to Europe Are Many Hours Behind With the Transmission

NEW YORK, Aug. 17.—Inquiry at the source here of the three great transatlantic cable companies developed the fact that on all its submarine lines between North America and Europe traffic was still badly congested today, due primarily to the requirements and restrictions of the censors at the European terminals.

The Western Union Telegraph company's system of eight cables was in better condition than at any time since the establishment of censorship, it was said today.

The delivery of messages to the terminals in Europe, however, does not necessarily mean that they will reach their destinations immediately. One day last week the London office of the Western Union reported that 2,000 cablegrams had piled up there awaiting inspection by the censors. The entire system of the Western Union cables to the south of Europe is substantially affected, as practically all the terminals are in British possessions.

The abolition of code has worked great hardships on the Western Union as well as on other systems.

Five Lines Are Open

The Commercial Cable company's system of five cables to Europe was reported today to be working with all the dispatch that could be expected. It was said at the New York office of the French Cable company, which operates two cables, one to England and one to France, that the company had reduced the delay to 20 hours.

The English-owned cable lines between England and central and southern continental Europe and the Spanish peninsula were said to be interrupted, although under a censorship even more severe than that imposed on the lines to North America. The lines through the Mediterranean to ports in Asia Minor and the far east also are under strict censorship. The majority of these lines are English owned.

The Commercial cable company's transatlantic cable from San Francisco to Manila, via Honolulu, Midway and Guam, and the lines between Manila and ports in Japan and China, with the exception of Hong Kong and points reached through that city which is under British control, and the lines between the United States and Central and South America, are the only cables not under censorship.

rapidly increasing the prices of fresh meats, notwithstanding an unusual amount of meat in cold storage in New York.

Canners protested against the increase in the price of sugar. A large middle west firm wrote that the requirement by their joint system of selling their product through certain brokers have the public at their mercy.

New York After Food Trust

NEW YORK, Aug. 17.—The district attorney's office today called upon the actual purchasers of food supplies for each household in New York county for information concerning the present prices of foodstuffs or other commodities as compared with the cost before August 1.

William A. Buford, the assistant district attorney, who is conducting an investigation into the rise in cost of food to learn if there is a conspiracy among dealers to make the European war an excuse for charging higher prices, issued a statement asking householders to furnish him with lists of food purchases during the last week of July, the cost, and names and addresses of the dealers.

Many subpoenas were issued at the prosecutor's office today directing dealers, wholesalers and retail, to appear and testify in Mr. Buford's inquiry.

Labor Federation Fight Imminent on Political Issues

PUERTO RICO, Aug. 17.—After hearing the reports of officers, several addresses and awaiting the report of the credential and rules and order committee, the first day's session of the State Federation of Labor, adjourned at 5 o'clock to devote the evening to listening to a band concert and speaking at Mineral Palace park.

The first evidence of fight came this afternoon when President McLennan in his annual report referred to Robert Ullrich, now in jail at Trinidad, as a martyr. Immediately several delegates were on their feet declaring that something should be done to see that he was gotten out of jail. It was shown the meeting was not organized and this incident was passed over.

President McLennan's report dealt extensively with the coal strike in the state.

It was indicated by delegates that the introduction of political candidates and the introduction of temperance resolutions might precipitate a warm contest. President McLennan is said to approve the introduction of both subjects.

applies specifically to the German occupation of territories in the Asiatic mainland, nothing being said about the German naval possessions in Australia. However, it was explained that in the event of Germany's refusal to meet the Japanese demand and of Japanese success in war, the conditions imposed upon Germany might be extended so as to include the cessation to Japan and her allies, Great Britain, of all of these island groups captured in Germany during the past quarter of a century.

Germany, recently has tried to indicate to the United States government the community of interests that exists between the two in their Asiatic holdings. Just week this took the form of a suggestion that the eastern waters and shores be neutralized by mutual consent.

Kaiser Takes Own Time

The Japanese belief is that the German government will take full advantage of the week's time allowed in the ultimatum for a reply. This is founded upon a seriously conceived belief that this reply will be a firm and unequivocal refusal to admit the Japanese right to dictate to Germany her attitude in the Far East.

The intervening time, it is believed, will be spent in hastening the defenses of Ting-Tau, the single German naval station, in planting mines in the sea and in placing the German fleet in a secure position under the guns of the shore fortifications.

Japanese War Conference

TOKIO, Aug. 17.—Following a meeting today of the Seiyukai party, considered the strongest political organization in Japan, which was called to discuss the situation between Japan and Germany, a member who was present quoted Count Okuma, the premier, as having said that Japan would never touch any German colony except Kiaochow.

Shortly before the Leipzig sailed, the United States torpedo boat destroyer Hull left the harbor at a brisk speed.

British Cruisers Set Out

NEW YORK, Aug. 17.—The British cruiser, Drake and Goodhope now are on duty off the Atlantic coast, according to announcement at the British consulate here tonight.

The Drake, it was said, will remain on patrol duty between New York and Bermuda and the West Indies, with the five other British cruisers already in those waters. The Goodhope will go directly to Halifax to await further orders.

It is understood at the consulate that an unidentified British battleship, the first in this water since war broke out, is on its way here and will arrive during the week.

PRINTERS FAVOR BETTER PRICES FOR EMPLOYER

PUERTO RICO, Aug. 17.—The International Typographical conference was organized here today. The organization has for its objects the betterment of the printing business. Among other resolutions adopted was one to the effect that the rates for both advertising and job work in the intermountain section are too low and should be increased.

The organization pledges its members to aid the employers in securing a just and proper rate for advertising and job work.

Pleads for Immediate Death on the Gallows When Denied Appeal

SACRAMENTO, Cal., Aug. 17.—Immediate death on the gallows was the plea of Samuel Swearingen, condemned prisoner in Folsom prison, to Judge Malcolm Glenn, who reset a date to hang today. Swearingen lost his appeal to the state supreme court on a charge of assaulting a fellow prisoner and was up for resentence. He was asked if he had any preference as to the time of death.

"Make it as soon as possible, your honor. Tomorrow would suit me. I want it over with," he replied. He will be hanged October 23.

Swearingen was convicted under a law which makes it a capital offense for a life term to assault another convict.

An extensive housing survey of Chicago is to be made by the Chicago Association of Commerce. VELASCO SURRENDERS TO THE REBEL ARMY

Carranza Postpones Entry into Mexico City Until Thursday

TLANEPANTLA, Mex., Aug. 17.—General Velasco, commander of the federal troops, surrendered today to the Constitutional General Obregon in the capital, according to news received by General Carranza, the new provisional president, and now awaits the orders of the Constitutional authorities.

General Carranza's entry into the city again has been postponed. It has been tentatively fixed for Thursday. It was decided by a council of the chiefs of the Constitutionalists that it was advisable for General Carranza to wait until all the federals, or at least a majority of them, had been disarmed and disbanded.

The declaration of the federal troops at Tlanepantla that they could not abide by the peace terms proved today to have no backing. All the Constitutional troops in the capital were held under arms last night prepared for any emergency.

Villa at Chihuahua

Gen. Francisco Villa has returned to Chihuahua City but it is said that he and his chiefs will come to the capital later.

It was reported today that Pascual Orozco, the once rebel leader who went over to the federals, had slipped through the Constitutionalists' lines with three companions and as being pursued north of San Luis Potosi.

Three more Constitutional soldiers were executed today in the outskirts of the capital for seizing the property of Ignacio Bonillas, acting minister of communications.

Constant reports are being received from the United States by General Carranza that recognition will follow close on his entry into the city and that preparations already are being made to withdraw the American troops from Vera Cruz.

Banks to Reopen Today

MEXICO CITY, Aug. 17.—The banks of the capital which closed last Thursday probably will reopen tomorrow. The question of a circulating medium is causing some uneasiness in business circles. At present four distinct issues of bank notes are being passed in ordinary business transactions.

There is a disposition on the part of the public not to accept the bank notes of the issue of June 25, which are guaranteed by 5 per cent. silver and bonds of the notes issued by the Huerta regime through state banks then located in territory controlled by the Constitutional army. The paper of the Constitutional army is being freely circulated and accepted.

A commission composed of representatives of the clearing house banks has asked General Carranza, chief of the Constitutionalists, to define the attitude of his new government as to the present legal tender. It is believed a provisional ruling will be made tomorrow thus permitting a resumption of banking operations.

Tomorrow Is Holiday

Wednesday has been declared a national holiday in honor of the entry into the capital of the army body of the Constitutionalists and General Carranza, the new provisional president. Elaborate preparations have been made for the reception of General Carranza and his forces and the inauguration of the new regime.

Already reconstruction plans are under way, and it is expected that through freight and passenger traffic will be resumed over the national railway lines by way of Laredo and El Paso within a fortnight.

Memorial services were held today over the graves of former President Madero and former Vice President Pino Suarez, who were killed in the revolt which placed Huerta in the presidency. The services were conducted by the Constitutional General Carranza, the members of his staff and representatives of the Constitutional army. After a eulogy was pronounced the graves were decorated with wreaths and the troops fired a salute of 21 guns.

NEGRO KILLS POLICEMAN, WOUNDS ANOTHER IN FIGHT

CHICAGO, Aug. 17.—One policeman, George Trumbull, was killed, and another, Michael J. McPadden, was wounded today as a result of the desperate resistance against a Simon Hogan, convicted, accused of "another" murder, who was captured in the hand and a bullet went through the helmet of a third policeman.

Hogan surrendered after the frame dwelling in which he had taken refuge was surrounded by policemen, who raided the building with rifle and revolver bullets.

Trumbull and two other officers went to Hogan's lodging place to investigate the complaint of robbers. Trumbull entered Hogan's room and was shot by the occupants. He died in a hospital. Hogan escaped but was located a few hours later in a frame house.

He opened fire at once on the half dozen policemen then present and resorted with rifles were sent for. When Hogan's ammunition gave out he surrendered.

Youths Rob Bank and Make Escape in Preacher's Auto

PITTSBURGH, Pa., Aug. 17.—After a running battle with an automobile filled with armed partisans, the two youths who looted the Homestead National bank today escaped in a high speed motor car. The youths were searching the country for the bank's funds tonight.

Although officials of the bank refuse to reveal the extent of the loss, the police estimate \$100,000. The youths, in their flight by the robbers has been

Germany Covets Neutral Belgium and Luxembourg

ALLEGED BATTLE-BOUNDS OF NATIONS AND BUFFER BETWEEN TWO POWERS

From the New York Herald

Belgium, the historic land of neutrality, has been the subject of much discussion in Europe. The names of Belgium and Luxembourg are mentioned in connection with the German colonization scheme. The German government has been accused of coveting these neutral territories as a buffer between Germany and France. GREAT BATTLE BELIEVED TO BE IN PROGRESS NOW NEAR FAMOUS FIELD OF WATERLOO

(Continued From Page One)

Berlin to ask for explanations and the punishment of those guilty of the alleged attack by German soldiers on Bernadino Campos, ex-president of the state of Sao Paulo, and his wife who are reported to have been beaten and forced across the Swiss frontier.

Several Austrian army corps, according to advice from Vienna, have invaded Russia, and the Russian advance in Galicia has been checked.

FRENCH SUFFER HEAVY LOSSES

Brussels admits that the French casualties in the fighting between Namur and Dinant were heavy, as the Germans were strongly entrenched and their artillery played great havoc.

The British official news bureau says that the French fleet in the Mediterranean has made a sweep up the Adriatic as far as Cattaro. Four Austrian warships are reported to have been sunk.

Montenegro troops have crossed the Bosnian frontier and occupied the town of Tobanitz after a fierce battle. They are also credited with capturing eight Austrian block houses and several villages.

The British military and naval movements are still shrouded in mystery.

CITY LITTLE DISTURBED BY APPROACH OF INVADERS

In the peaceful city it is impossible to realize that the enemy is a long day's march away. The life of the city goes on as usual. The shops and houses are thronged with people, and the streets are filled with the usual bustle of a busy city.

SWITZERLAND ASKS U. S. FOR A LOAN

WASHINGTON, Aug. 17. Dr. Paul Fatter, the Swiss minister, again today made representations to the state department in behalf of his government for a loan of gold from the United States.

Switzerland, in a state of siege with practically her entire male population under arms is facing a serious question in regard to feeding her army. The minister said:

The impudently that his country might implore the United States in a violation of neutrality by using the acquired money as a loan to belligerent nations was declared preposterous by Minister Ritter.

SPEAKING of LOCAL INDUSTRY

Our New York agent writes us that there is an unprecedented demand for American-made Holiday Goods, caused by the fact that there will be no imported ware from Europe for this season's trade.

For two years we have been fighting to create a wholesale demand for our products. Now the market is coming right at us. It is not a temporary demand. It is the result of a definitely planned campaign, but it came before we were ready for it.

To grasp this opportunity and secure a permanent foothold in the wholesale markets of the country, we must have sufficient permanent working capital to conduct our business properly.

Any of the usual methods of securing capital will take too much time to mature.

Therefore we have selected this method, believing that the members of the Chamber of Commerce, the merchants of the town, the public-spirited citizens and connoisseurs alike will support us to the extent of at least one share each of preferred stock, \$10.00. This stock is in the treasury of the Company, reserved for just such an emergency. Every cent of this subscription is actually manufacturing and selling a product for which there is a definite demand.

Are YOU sincere in the desire to develop the natural resources of the Pikes Peak Region? The Van Briggles Plant offers you a nucleus around which to build a plant that will employ hundreds of high-class workmen; that will utilize local raw materials; that will keep 90% of its disbursements at home, and that is a living advertisement for Colorado Springs.

The Raw Materials near here are used in the manufacture of White Hotel and Restaurant Ware, Electrical Porcelain, Face Brick, Enamel Brick, Fire Brick, Terra Cotta, Vitreous and Encaustic Floor and Wall Tile, besides all the Various Pottery Products.

We have the Plant, the Materials and the Ability. You have the money centrally located by a huge, fast developing territory, that is using enormous quantities of all these products. Our freight rates allow us to compete favorably in the Northwest with Eastern competitors.

We want everyone in Colorado Springs to be a stockholder in this boost for us and to share our business.

Now this week is our opportunity to start the greater development and the industrial life of the region.

One telegram to our New York agent will start it.

"Am rushing production new, attractive Holiday Goods. Will Aug. 20, with samples. CURTIS."

Shall we send it?

We offer you one or more shares of preferred, cumulative 7% \$10.00. Stockholders are entitled to a substantial discount 25%—of discounts equals the cash paid for stock.

This is a chance to effectively back a growing industry with money, to share in our success, and to get your money back in the on your Holiday Gifts.

Look in Whitney & Grimwood's North Window and see for real merit in our Product.

Your moral support will help; but the thing that will ensure actual money now this week.

Kansas City Star Devotes Page to Region

'Why Go Any Place Else for Vacation?' Asks Special Writer in Article Praising This Section; Result of Col. Nelson's Visit

Under the heading, "The American Alps Only One Night From Kansas City," the Kansas City Star last Sunday morning published the second of a series of articles on Colorado Springs and the Pikes Peak region. The story, illustrated with three large reproductions of scenes in the region and occupying the greater part of one page, is one of the best and most comprehensive ever published.

The series on Colorado Springs now running in the Star is the direct result of the visit here this summer of Col. William A. Nelson, owner and editor of the newspaper, and one of the most noted publishers in America today. Colonel Nelson was so impressed with the climatic and scenic assets of the Pikes Peak region that he brought a special feature story writer to this city to prepare a series he himself outlined. The value of the articles to Colorado Springs can hardly be estimated. The Star, with an average daily circulation of 190,000, goes almost altogether into the territory from which the Pikes Peak region draws its tourists, and is certain to greatly stimulate interest in this city as the ideal and logical summer resort for the middle westerner.

Pikes Peak, Kansas. That is the way it was marked down on the maps just before the Civil war, and it was a mistake. It was a mistake to mark it as a part of Kansas, and it was a mistake to mark it as a part of Colorado. It is a part of both, and it is a part of the Pikes Peak region.

W. S. Dunning, manager of the Antlers hotel in Colorado Springs, beneath the shadow of Pikes Peak, asserts that all of the country throughout yet belongs to the people of Kansas.

This is the vacation land of Kansas, of western Missouri, of Nebraska, and of Oklahoma. It is the vacation land of the Pikes Peak region.

came in them had a barbecue in Stratton park. They camped there in the shade of the pine trees on the bank of a brook that comes down out of Cheyenne canon, plunging, foaming, roaring and singing among rounded granite boulders.

The same day a party of 85 who came in motor cars from Beloit, Kan., went out of Manitou up the Pikes Peak to the Garden of the Gods was a test city of motorists from other places in Kansas, and the hotels in Colorado Springs, Colorado. Manitou, Cascade, Woodland and Green Mountains were filled with families from the towns and cities of the plains that stretch from the foothills of the Rockies away east to the bluffs of the Missouri.

One Night From Kansas City.

The Pikes Peak region is the natural and logical vacation land of all the plains country. In terms of dollars and cents, Pikes Peak is only 14 miles from Kansas City. A round trip ticket is \$1.50. It is a little more than a night's ride by train. You may leave Kansas City at 6 o'clock in the morning and be in Colorado Springs the next forenoon at 11 o'clock. Or you may leave Kansas City at 9:40 at night and be here the next afternoon at 4 o'clock.

There are four great highways—smooth and fine for motoring, that lead straight from Kansas City across the plains to Colorado Springs. The Santa Fe trail route that follows the line of the Santa Fe railroad; the Golden Road that goes out through Leavenworth, Topeka, Abilene, Ellis, Colby and Goodland, traversing the Kaw and Smoky Hill valleys; the Pikes Peak (Ocean-to-Ocean) highway, which goes through Hays, Salina, Garden City, Norton and Colby; and the Kansas White Way, which is by way of Lawrence, Topeka, Manhattan, Clay Center, Concordia, Ash Grove, Stockton, Colby and Limon.

Colorado Springs may be reached from Kansas City in four days of easy traveling, stopping by night at hotels in towns along the way.

Climbing Toward the Clouds.

By rail the time is 14 hours. Through the night the train climbs steadily up and up across the plains toward the foothills and when you stop for breakfast the next morning it is near the Colorado line. You have left far behind you the heat of the paved streets. The breeze that rustles the cottonwood leaves in the morning sunlight is cool and bracing. You find yourself breathing deeply, and with it comes a feeling of exhilaration and a youthful energy and buoyancy. Up and up you climb, and before you you see off to the west a purple cloud upon the horizon line.

That is Pikes Peak just as General Pike, the first white man to have seen it, saw it 108 years ago. The sunlit cloud changes to blue as you get nearer, and then it takes outline and Cheyenne mountains at its foot and other peaks of the Rampart range form into a long, low-lying line. The great smoky haze pushed up from the horizon. Yet nearer and the summit of Pikes Peak becomes rounded and snow-capped above the dull granite red of the slopes that merge into the mossy greens of the spruce and pine below the timber line.

From that moment the spirit of Pikes Peak takes hold of you and beckons with an appeal which cannot be denied, and for hours each morning you sit out on the veranda of the Antlers hotel and gaze up at the great red mountain bathed in the morning sun; and in the evening you sit and watch the sun sink behind it and the mountain sides deepen in color until they become like wine. You breathe deeply of it, all your lungs will hold, and with each day of this deep breathing, and with each night of cool, sound sleep, there comes a new life, a fresh delight in just being alive and always the spirit of the great red and purple mountain is holding you closer.

Distance Mocks the Eye. As you walk up Pikes Peak avenue from the train the peak seems off the western sky with its great bulk, seeming to overhang the red tiled roof of the Antlers hotel that blocks the head of the avenue. In that clear air it looks as if you might stand on the summit of Pikes Peak, up among the snow that streaks its sides, and toss a stone upon the hotel. You are surprised to learn that you are yet five miles from the eastern base of the foothills, 12 miles from the peak, and that two good-sized towns lie between you and it.

The people of New England amuse themselves in the White Mountains by going up Mount Washington by rail. Mount Washington is 6,336 feet high; and when the railroad up to its top was completed the hotel keepers thought they had a tremendous attraction.

To the east of Colorado Springs is a small mound rising from the plain up which a man might scramble in five minutes. Its top is exactly as high above the sea as the loftiest mountain in New England, and in derision the people of Colorado have named it "Mount Washington."

Dwarfs the Swiss Alps. For years it was the pride of tourists in Switzerland to have climbed to the summit of the Rigi Calm and see the sun rise therefrom. That mountain is 5,965 feet above the level of the sea.

If Mount Washington were placed on top of the Rigi, and you went to the top you would still have a climb of 2,000 feet to make before you attained the elevation to which the Pikes Peak railway takes its passengers.

Pikes Peak is 14,114 feet in height

and the cog railway was clear to the top.

The view from the summit has been written about by many a poet. But none has described it because it is indescribable. Dooley said of his trip to the summit of Pikes Peak that it was "the one day trip that bankrupts the English language." From that lofty height the plains of Colorado stretch out level as a table top to the eastern horizon, while to the west are hundreds and hundreds of snow-mantled pinnacles, filling space as far as the eye can see.

The Superlative in Hotels. Tourists who have been everywhere say that the Antlers hotel is one of the best in America, and they do not except New York nor Boston, Palm Beach nor Los Angeles.

There are many other hotels in Colorado Springs and Manitou of lower price, and yet lower priced ones up the Pass way and boarding houses by the hundred, furnished cottages and bungalows. If you prefer a vacation in a tent, pitch it anywhere. Select a patch of green and beneath the pines by a babbling brook, high up on the mountain side or lower down in a valley, and put your tent there. If it is government land the rent is nothing. If it is privately owned property, the rent averages about \$5 a month.

Free Camping for Motorists.

There are four free camping grounds for motorists maintained by the city, with good water, sanitation, fireplaces and other accommodations, ranking in size from five to eight acres.

Why should anyone in Kansas City go for a summer outing to Europe, the seashore, the great lakes or the northern woods? If it is coolness they are looking for it is in the Colorado mountains, only one night's ride from Kansas City. Last August, which was so hot in Kansas City, the highest temperature in Colorado Springs was 88 and the average 65. The sun shines there all the year around; 76 per cent of the time it is above the horizon. There were 310 days of sunshine last year, only 11 days of the year totally lacking in sunshine. Every day invites to outdoor life.

Is it scenery the vacationist is after? The Pikes Peak region is "nature's picture gallery." Is it fishing? The mountain streams and lakes are full of fish. Is it health? The fame of the mountain air and the healing Manitou springs is international.

And the Pikes Peak region is in Kansas City's own trade territory. Nearly every dollar spent there comes back to us again, and that is better than losing it in Europe, "back east" or "up north."

Pittie Grant Rages Day, Says Incident

LONDON. The Times correspondent in Belgium, who witnessed the incident Sunday says: "The battle of whole day but was made of one. The first continued from until 2 o'clock in the afternoon and occupied the remaining afternoon."

"From early when the Germans took possession of the town, the battle of the Meuse and a regiment of the French advanced at the same time to the north and occupied the town. The two forces proceeded to the forenoon."

"In the afternoon the form of engagement. From 3 o'clock the two armies were in artillery duel across the town. The French drove the Germans probably along the road to Leffe, pursuing all the infantry and chasseurs."
